

INTRODUCING

Dr NAGENDRA JAYAKUMAR

GP Registrar

A GP registrar is a doctor enrolled in the Australian General Practice Training (AGPT) Program. The AGPT Program is the main training doctors undertake to become specialist general practitioners in Australia. GP registrars are highly skilled doctors supported by a team of very experienced supervisors and medical educators.

Dr Jayakumar is completing the AGPT Program with the South Australian Regional Training Organisation (RTO) GPEx.

- GPEx is accredited to deliver GP education and training on behalf of the two national colleges, the Australian College of Rural and Remote Medicine (ACRRM) and the Royal Australian College of General Practitioners (RACGP).
- GPEx would like to thank staff and patients for their ongoing support of Dr Jayakumar and the AGPT Program.

For more information, please contact the Practice Manager or GPEx.
